UNENDING LIFE

All around, we hear and see an awakening from winter hibernation as snowdrops and daffodils emerge and bird song fills the air. New life and possibilities abound as life replaces death and new creation overturns decay.

And what creation illustrates is true also for us as, through Jesus' resurrection, God turns all our human crucifixions into resurrection. The early church believed that the real message of the raising of Jesus was a corporate message of universal restoration, with all humanity resurrected and restored (Acts 3:21). God's love was so perfect and victorious that it would finally triumph in every single person's life, even in the dying process or after death as the revelation of divine, infinite love was irresistible to all souls.

We might not accept this as we want individual people to "get their due" but this was not the message of the early church. We might also find it difficult to recognise the presence of God in our lives and our world as tragedy fills the headlines and we forget the majesty that is present all around us.

But however we might feel, we are not helpless but ultimately invincible as, in God's love, the principle of resurrection works in us. This declares that all things will be transfigured - nothing, no one and no situation is beyond God's reach.

And so we join Him in extending His kingdom of peace and wholeness, justice, goodness, compassion, laughter, joy and reconciliation. There is no oppression that cannot be ended, no hunger that cannot be fed, no wound that cannot be healed, no hatred that cannot be turned to love and no dream that cannot be fulfilled!

Rosy

Please note that Rosy is no longer contactable on a landline. Her contact details are in the directory but her mobile and email remain the same.

As it is Easter in April (don't forget the eggs!) I would like some art work for the front cover. Towards the back of this issue is a template of an egg which can simply be coloured in or feel free to design your own. There is a small prize for the best and obviously you would have the boasting right of having your design as the front cover of our Village News (no age limit!)

It's not long until King Charles III's coronation and plans are being made all over to celebrate. Keep your eyes open for details.

Deadline as always 18th April - Tristerncottage@hotmail.com

When we hoe a field'

'When we hoe a field, we all start in this corner and we go this way' is my favourite Zambian proverb. I've been sharing its words with people from our parishes, schools and chaplaincies as a way of inviting us all to think about how our diocesan vision can be refreshed and developed to help us look towards the future with confidence and joy.

Our vision calls us to 'live and tell the story of Jesus'. It speaks of faith in action. It makes clear that all we do is in the name of Jesus. And it's full of aspiration; living out its words is a life-long task.

But what might our vision mean in terms of what we'd like to focus on specifically? This is where my Zambian proverb comes in. For my sense is that in our common life we would be strengthened if we had a greater focus of what we're all working towards together.

To help us think about this, I'm suggesting four themes that I hope we can all get behind. The aim is not to generate a new initiative, rather it's to identify priorities for our common life upon which we can all focus. Our diverse communities of course mean that anything we do needs to fit local contexts. But I hope the four themes can provide a common framework that will help us all.

Under our overall vision of 'living and telling the story of Jesus', the themes are: (1) Valuing and cherishing the people we already have, (2) Offering worship and sharing our faith together in new and different ways, (3) Developing our own faith and the faith of others. (4) Sharing in ministry and leadership.

I'm inviting everyone to have their say about how these could be developed, adapted or altered. Please do speak with each other and your local church, school and chaplaincy leaders about how this can happen where you are. More information to enable feedback is available at bathandwells.org.uk/vision.

Please be part of the conversation! Your insights, thoughts and experience are invaluable in helping us think together what it means to 'live and tell the story of Jesus'.

Do join us, even for a short time, you will always find a warm welcome! Tractor drivers, shepherds or home office workers, take a well earned break.

Friends and neighbours and all supporters of our Village Coffee Morning, for reasons of health and obligation Dobby and Joan have decided to stand down from running the monthly Village Coffee Morning..

We have been at the helm, so to speak, for 8 years and it has been a joy meeting you all each month, sharing your news and company over a cuppa and cake.

We sincerely hope someone, either as part of a rota system or with friends, would feel they would like to carry the Coffee Morning forward in the months ahead, it doesn't have to be homemade cake!

Our last Coffee Morning "in charge" will be on 17th March at the Village Hall 10.30-12noon. And will be held to raise funds for The Brain Tumour Charity. Everyone welcome from around the Benefice and beyond. We would love to see you all.

We do know the financial difficulties people are coping with at present and perfectly understand we are asking at a difficult time for everyone.

If you are unable to come along but would like to donate to this wonderful Charity, who work with sufferers and their families and also funding research into brain tumours and possible cures for sufferers, I will forward any donations on to the charity.

Please send Cheques made payable to The Brain Tumour Charity to...

Joan England

I would like to thank you all from around the Benefice who have supported my fundraising for The Brain Tumour Charity through all these years. You have been amazing. This will be for the last time of asking!

Joan started holding her now famous fundraising events after the sad loss of her husband.

In the 8 years that she has been collecting she has managed to raise an outstanding

A truly remarkable amount by a truly remarkable lady.

Joan, we hope you are as proud of yourself as we are of you, and thank you for all your hard work.

Let's try and push the final figure to over £5000

TO KILL A MOCKING BIRD

BAYFORD VILLAGE HALL
SATURDAY 11TH MARCH
7PM (DOORS OPEN AT 6.30)

Scout and her older brother Jem, live in sleepy Alabama, spending much of their time with their friend Dill and spying on their reclusive and mysterious neighbour, Boo Radley. When Atticus (Gregory Peck), their widowed father and respected lawyer, defends a black man against fabricated rape charges, the trial and tangent events expose the children to evils of racism and stereotyping.

**Poppy thinks it's great "playing"
with sheep.**

**The sheep that's now
miscarrying her lambs disagrees.**

**Keep your dog on a lead around
sheep.**

Lambing continues and we are reminding dog owners of their responsibilities when in the countryside. It is every dog's instinct to chase, even if they are usually obedient and good with other animals. Consequently, all dogs should be kept under proper control by the owners/handlers whether they are in an urban or rural area.

Chasing by dogs can do serious damage to livestock, even if the dog doesn't catch them. The stress of chasing/worrying by dogs can cause animals to die and pregnant stock to miscarry.

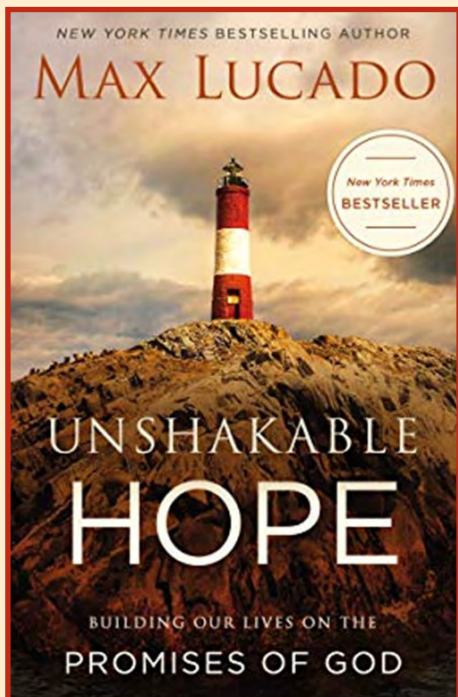

Livestock fleeing from dogs are often killed or seriously injured by their panicked attempts to escape, often causing significant collateral damage to fences and field boundaries in the process.

Dogs chasing ewes and lambs can cause them to separate with lambs dying from starvation or hypothermia if they fail to find the mothering ewe again.

If you do not control your dog properly near livestock you risk prosecution.

If you see a sheep stuck on it's back and you can't contact the farmer, try and gently roll it on to it's front and then stand back and let it sort itself out. If you have a dog with you please leave it away from the sheep so not to risk worrying the sheep. Please avoid picking lambs up, even if they look lonely, cold etc. Contact the farmer, telling them where the problem is. Moving a lamb can often result in the mum rejecting it and it having to hand reared. The shepherds check their sheep constantly and the sheep themselves are normally pretty good at sorting themselves out. Ideally stay out of fields with livestock, particularly sheep, at this time of year but above all else please keep your dogs on a lead whilst around the livestock.

Thank you from all your local farmers!

BRIAN TRUEMAN WINS 2022 AWARD FOR SERVICES TO THE COMMUNITY

This year the Chair of Somerset County Council has restored his annual Award for Service to the Community and Cucklington has nominated Brian Trueman, who I am certain needs no introduction to us all.

Brian is the best sort of friend and neighbour anybody could have. He is practical, dependable, thoughtful of others, always ready to lend a hand or a listening ear, and can be relied on for helpful, insightful, invariably diplomatic, advice. His long, diligent stewardship of Cucklington's affairs has been outstanding and he is very much appreciated by all who know him.

Over the 25 years he has lived here in Cucklington, Brian has become an integral part of the weft & weave of our community and is frankly the epitome of the term 'Community Service'. For more than two decades, he has been closely involved at both grass-roots and senior level in every aspect of village life ... chief fundraiser for several major village projects; Neighbourhood Watch Coordinator; Church Warden; AMMH Trustee & Treasurer, PCC member & past treasurer and has long been Cucklington Parish Meeting Secretary ... performing every duty with great diligence and commitment.

His personal attention to our village is just as diverse. From daily litter patrols around our local lanes to keeping a watchful eye on the well-being of our elderly or ill residents, Brian can always be relied upon when need arises. His unselfish commitment to the good of our community has produced incredible results for our tiny village and his achievements are exceptional.

Congratulations, Brian, from your friends and neighbours here in Cucklington – this Community Service Award could not be more deserved!

UDDER FARM NEWS

You may have read that the cows listen to the radio when being milked, what follows is a report from the Western Gazette from the 1950's.

Stirring strains of "The Dam Busters" march echo through the cowstalls at milking time down on the farm.

Farmer's wife Mrs Ethel Haskett of Lower Bainly Farm (now Bainly House), says the march is the herd's favourite music and "works real wonders" in bringing big milk yields.

She said yesterday: " When we first installed a milking machine we had a lot of trouble getting the cows to give their milk down. Now we have the piano in the cowstall, and my son and I take turns to play to them."

The story of the musical cows was told at Shaftesbury Court when 52 year old farmer Mr Henry Haskett was summoned for allowing his van to be used when uninsured.

Police said the van was insured for agricultural purposes only, but was being driven by the farmer's son with a piano on board.

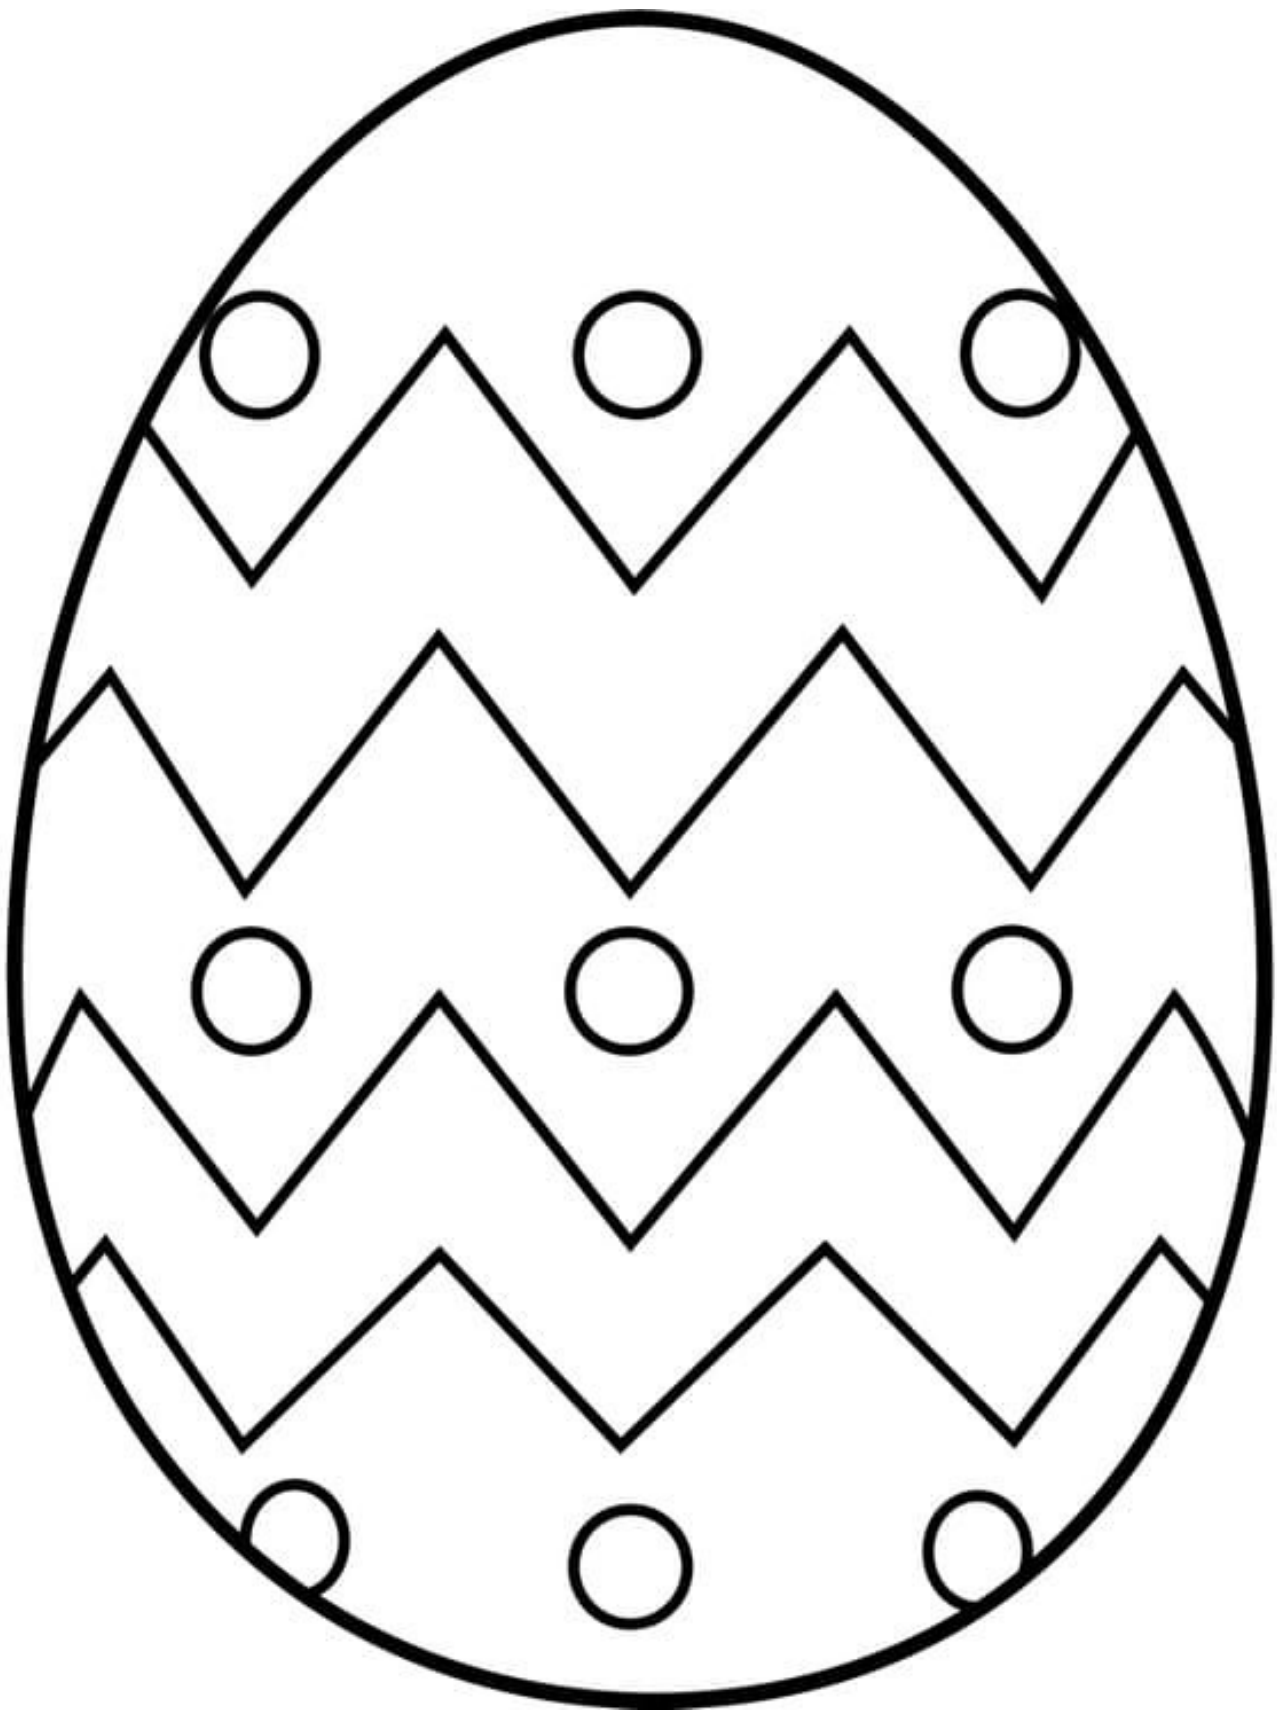

Farmer Haskett said that the piano was being used on the farm." Some cows will not give their milk down if they don't have some amusement" he said " So we put the piano in the cowstalls and now, twice a day my wife and son take turns to play soothing music while they are being milked.

" It is a recognised fact, that music has a soothing effect, on cows and saves a lot of time "

The magistrates decided that the van was not covered by insurance when it had the piano up, and fined Farmer Haskett £10.00 and his son a further £10.00 for driving when uninsured.

" Owing to the special circumstances" said the chairman Mr Ernest Martin," we will not disqualify either of you."

So now you know why the cows listen to the radio while being milked.

Decorate this egg or one of your own and either scan it and email me (tisterncottage@hotmail.com) or drop it off at Kimbers Farm Shop by March 18th

Please make sure to include your name and age (adults are excused from putting their age and I will just assume that we are all still 21!) and the winner will be used as the front cover of the next Village News. And if that wasn't an amazing enough prize on it's own the winner will also get an Easter Egg.

VILLAGES' WALKING GROUP

By the time you read this we hope to have walked in Brewham Woods/Witham Park in late February – a walk planned originally for last December but postponed due to icy conditions underfoot.

Our March walk, to be led by Steve and Sara Jarrett, will be on **Saturday 25th March**, and we shall certainly hope to be well past any chance of ice and snow then! Details of the walk are being planned and we will contact all on our mailing list nearer the time with these, as well as circulating details more widely. If you would like to walk with us on Saturday 25th March and are not yet on our VWG mailing list, do get in touch and we'll make sure you have the walk details. Do join us if you can, you will be warmly welcome.

And we're planning to have a "bluebell walk" again in April, possibly at Duncliffe Hill again or in another bluebell wood (we're researching that).

Another walk which may also appeal is the one our villages' three churches are planning - a Palm Sunday Walk, on Sunday 2nd April, starting at St. Lawrence's Church, Cucklington and making our way, via St. Andrew's Church at Stoke Trister, to St. Stephen's in Charlton Musgrove, where soup and bread lunch will await us. It will be good to see you if you'd like to join us for this.
